UIPM 2024 BIATHLE/TRIATHLE WORLD CHAMPIONSHIPS: ALL YOU NEED TO KNOW

- Six hundred athletes from 28 countries gather in Port Said (EGY)
- President Schormann salutes “message of peace, respect and togetherness”
- Four days of live-streamed racing across Biathle and Triathle with Para categories

From six-year-old **Malika Ibrahim** to 72-year-old **Coenraad Janse van Vuuren**, a festival of sport for all ages will underline the lifelong joy of participating in UIPM Sports in the coming days.

Six hundred athletes from 28 countries have gathered at the Mediterranean resort of Port Said to take part in the UIPM 2024 Biathle/Triathle World Championships.

Five days of racing at the Arab Academy for Science, Technology & Maritime Transport in Port Fouad City will see African athletes feature prominently on the podium, with huge teams from host nation **Egypt** and **South Africa** joined by athletes from **Burkina Faso** and **Mali**.

Following the success of last year's competition in Bali (INA), Asia provides a third of the competing nations, led by a 31-strong team from **India**. From the eastern side of the continent come **China**, **Japan**, **Singapore** and **Thailand** while the Middle East is represented by **Iran**, **Kuwait** and **Saudi Arabia** and **Kazakhstan** flies the flag for Central Asia.

The diversity of this global gathering, bringing together so many athletes of different age groups and cultures, is one of its most powerful charms and this year's competition is combined with the UIPM Para Sports World Championships to ensure a truly inclusive environment.

Amid four intensive days of Biathle-Triathlon competition, there will be Para categories during the Individual Finals on both Individual Finals days. And the competition begins today (October 9) with a Para Laser Run for PMP7, PMP1 and Mixed categories.

Biathle and Triathlon are cornerstones of the UIPM development programme and have proved a huge success both as an entry point to UIPM sports and as a training vessel for the running, swimming and shooting parts of Pentathlon in real race conditions.

The sequence of Biathle is run-swim-run, while athletes in Triathlon compete in a swim-run-shoot format. It made its debut on international stage at the UIPM Biathle-Triathlon World Championships 2013 in Cyprus. The UIPM Biathle-Triathlon National Tour is now organised in all regions of the world.

President's welcome

UIPM President Dr Klaus Schormann said: “On behalf of the UIPM Executive Board I am thrilled to see the UIPM 2024 Biathlon/Triathlon World Championships coming to the beautiful beach resort of Port Said. We are grateful to the Arab Academy for Science, Technology & Maritime Transport, the Egyptian Modern Pentathlon Federation, the National Olympic Committee and all regional and national authorities who have cooperated in creating a welcoming environment for the many hundreds of athletes who will compete here this week.

“Thanks to the beauty of the surroundings, and the competitive spirit and camaraderie that exists between Biathlon and Triathlon athletes of all ages, many special memories will be created in Port Said. This is an exciting moment for our sport, not only within Egypt but across Africa and the Middle East where it is so important that we also deliver a message of peace, respect and togetherness.”

Watch and follow
